

Assignment of Benefits

Customer authorizes payment of any benefits be made to Customer or on Customer's behalf to ReactDx Inc. and its affiliates and authorizes ReactDx to collect directly all public and private insurance covered benefits due for services ordered by Patient's physician. If benefit payments due ReactDx are paid directly to the Customer, or any other party, the payee will immediately and without request from ReactDx, endorse and remit to ReactDx all benefit payment checks. Customer understands their signature requests payment be made and authorizes release of medical information necessary to pay any claims. The Customer is responsible for any deductible, coinsurance, and non-covered services. Coinsurance and deductible amounts are based upon the charge determination to any insurance company and their specific benefits provided. Customer agrees to notify ReactDx promptly in writing or verbally of any change in Customer's primary residence where services are being rendered, billing address, phone numbers, email addresses, and insurance provider(s).
